

DIC ENTERPRISES

INNOVATION COMMITTED

COMPANY PROFILE

WHO WE ARE!

DIC Enterprises traces its roots back to 1974, when, originally founded with the name 'Diamond Industries' with a vision to deliver quality manufacturing having diversity in range of products i.e. Gas Stove Burners, Monoblock Pumps, Air Coolers, Stainless Steel Heat Treatment Trays, Cast Iron Casting of various auto components.

In 2022, the company evolved into DIC Enterprises, marking a new chapter with a refreshed focus and an expanded product portfolio with a specialization in:

- High-Quality Sheet Metal Components
- CCTV Power Supply Metal Housings, Plastic SMPS Housings
- All types of Aluminum Heat Sinks
- Metal Perforated Mesh Grill for Sound Speakers
- Metal DVRs/NVRs/Server Racks

VISION & MISSION

Vision

“To be a leader in precision manufacturing, crafting innovative solutions that empower industries, enrich communities, and inspire our people to shape a sustainable future.”

Mission

“To provide superior and best in class metal & plastic products and surveillance industry solutions that consistently meet or exceed our customers' needs and expectations.”

CORE COMPETENCIES

Precision Engineering & Advanced Manufacturing

Expertise in producing high-quality, precision-engineered components using state-of-the-art technologies and tool room machineries which are:

- High-Precision MNTR
- High-Precision Power Presses (5 Ton to 100 Ton)
- Oil-Type Surface Grinding Machines
- Spot Welding Machines
- High-Precision Mig Welding Machines
- Various types of Drilling Machines
- Traub Machines
- Laser Marking Machine
- Pad Printing Machine
- Air Compressor

Product Design & Development

We have specialized internal & exclusive outsourced team for designing and development of both high-volume standardized components and various assembly parts to meet the challenging & tailor-made solutions as per customer's requirement, equipped with modern machine facilities which are:

- Injection Molding Machine
- Laser Cutting Machine
- Bending Machine
- VMC(Haas)

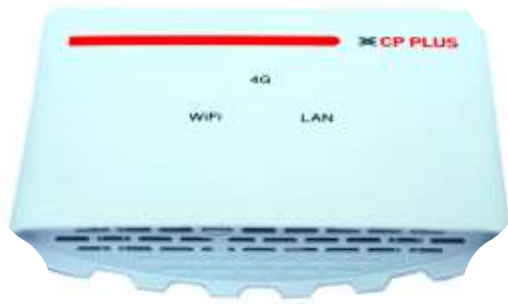

Commitment to Quality

DIC Enterprises is an ISO 9001: 2015 certified company ensuring its products are suitable for global markets and diverse applications. We employ rigorous quality assurance processes, including material testing, dimensional accuracy checks, and performance evaluations, to ensure every product meets industry standards.

Customer-Centric Approach

DIC Enterprises places its clients at the core of its every operations & decision. End to End from design consultation to prototyping, manufacturing, and delivery, DIC Enterprises provides comprehensive support throughout the product lifecycle, streamlining the client experience.

Wi-Fi Router Housing

Outdoor Rack

CCTV Metal Body Cover

POE Switch Housing

Power Supply Housing

Product Line

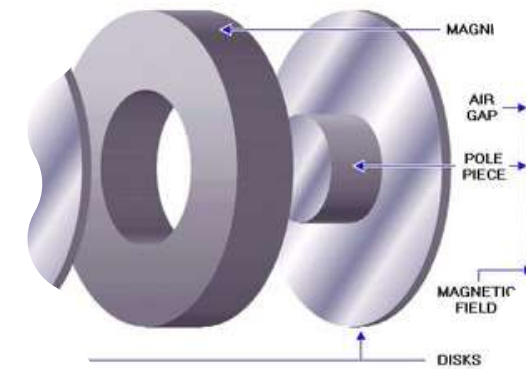

Server Racks

Metal Case Power Supply

Aluminum Heat Sinks

Speaker Magnet Clamps

Speaker Mesh Grill

DELHI GOVERNMENT

PROJECT

DIC Enterprises is proud to have delivered tender of Delhi Government in collaboration with Aditya Infotech in the year 2022-2023 where approximate seventy thousand CCTV were to be installed in entire Delhi and we provided 27000 units of **Outdoor Rack** for CCTV surveillance.

MAJOR CLIENTELE

DIC Enterprises is associated with some renowned and giant OEMs of Indian Manufacturing Industry as their Authorized Channel Partner.

Aditya Infotech

Optiemus Group

Aggresive Group

DCM Shriram Group

PG Electroplast

RACL Geartech

FUTURE PLANS

Where
to
next?

New product development- DVR & NVR Housing

Machinery in plan-Pneumatic Power Press

Work Premises - Upgrade Planning to Semi Automatic Plant

THANK YOU

We look forward to be associated with you!
